

## **FOREST ONE WARRANTY DETAILS**

ANTEGRA™ products feature the highest degree of technology, quality, and design.

As a result, we are proud to offer the following warranty.

### **ANTEGRA SINKS**

ANTEGRA sinks are warranted to be free of manufacturing defects in material and workmanship under normal residential usage for 75 years.

In the event of a warranty claim, the owner will be required to provide proof of purchase, a sales receipt. This warranty covers all components which make the product operational. The Supplier (CLASSIC SINK & BATH), at its option, may repair or replace the product or components necessary to restore the product to good working condition. The 1810 Company reserves the right to inspect the installation prior to the actual replacement of the product or component part.

This warranty does not cover misuse or abuse, accidental damages, scuffs or scratches, improper installation, abnormal usage, negligence or damage caused by improper maintenance or cleaning. Normal wear of parts is excluded from the warranty. Damage caused by impurities or acts beyond our control are not covered. Any product or part which has been repaired or altered in any manner outside of The Standard manufacturing process, unless previously authorised in writing by Classic sink & Bath, will void warranty. Any replacement excludes transportation and any labour re-installation costs.

### **USE & CARE TIPS**

We would advise that the sink is cleaned after each use with soapy water. To dry, use a soft cloth or sponge. This will help prevent water spotting and mineral build-up on the surface of the sink.

1. Never use steel wool in or on the sink (as it may leave steel deposits on the sink, which can cause rust).
2. Avoid all abrasive and aggressive chemicals.
3. Avoid using harsh chemicals or bleaches.
4. Avoid prolonged contact with ordinary steel containers (e.g., Tin cans) as it may rust and stain the sink.
5. Avoid prolonged exposures to acids from fruits, fruit juices, salts, tea bags etc, as these may leave stains.
6. Avoid leaving liquid soaps, hand sanitizing liquids etc on the surface, as these may leave stains.
