Acrylic Solid Surface —

MEGANITE[®]

INNOVATIVE. VERSATILE. FLEXIBLE.

Create contemporary interiors without limitations: MEGANITE is a 100% silica-free premium solid surface. Replicating the appearance of stone, marble or concrete, MEGANITE removes the risks associated with engineered stone, delivering elevated aesthetics with superior functionality.

Form meets function

The range is food-safe, non-porous and impervious to bacteria, mould and moisture. It's durable, easy to clean and stain resistant, making it the perfect choice for residential and commercial projects.

- Made from non-porous materials
- Wide range of colours and patterns to enhance design aesthetics
- Seamless joins for large benchtops
- Thermoformable to almost any shape
- Horizontal and vertical applications
- Group 1 fire-rated for wall lining applications
- Tested to AS 5637

Sustainable choice

We provide responsibly sourced products that ensure the safety of both fabricators and end users.

- 100% silica free
- NSF-51 certified food safe
- GreenGuard and GreenGuard Gold certification for indoor air quality
- AcryMed protection eliminates 99.9% of bacteria*

Applications

With a wide variety of applications, MEGANITE delivers a timeless and enduring finish, every time.

- ✓ Benchtops
- ✓ Kitchens
- ✓ Sinks / basins
- ✓ Bathtubs
- ✓ Splashbacks
- ✓ Wall claddings
- ✓ Showers
- ✓ Healthcare (AcryMed)

Compact Laminate — EGGER

DURABLE. DYNAMIC. REFINED.

Used for years in commercial high-impact settings, compact laminate has recently found its way to benchtop applications.

With a 13mm profile, EGGER compact laminate is innovative and robust, delivering a dynamic and minimal aesthetic across residential and commercial applications.

Form meets function

The perfect alternative to stone, marble and granite, EGGER compact laminates are exceptionally hard wearing, combining durability with elevated aesthetics.

- Suitable for horizontal and vertical applications
- Large sheet sizes for better optimisation – less joins for partitions
- Available in 17 décors that match EGGER panels and edging
- Perfect for applications with high-stress exposure and high demands for cleanliness
- Available in white core for dynamic appearance (Alpine White W1100 ST9 only)

Sustainable choice

EGGER follows a net-zero philosophy, minimising their carbon footprint, and adhering to a circular economy model.

- 100% silica free
- 60% of materials made from renewable resources
- Low VOC emissions
- Chemical resistance (SEFA 3) as standard and Food Safe certified
- Anti-bacterial properties (ISO 22196) as standard on all surface textures

Applications

Compact laminates are developed for areas with high levels of use, durability concerns and wet locations.

- ✓ Benchtops
- ✓ Toilet partitioning
- ✓ Wall claddings
- ✓ Cabin / wall partition construction
- ✓ Tabletops / worktops
- ✓ Heavy-duty interior design (commercial projects)
- ✓ Furniture and lockers
- ✓ Shower walls and cabinetry
- ✓ Laboratories

Worktops —

EGGER

READY MADE. LONG-LASTING. COST-EFFECTIVE.

Embodying refinement that's synonymous with the brand, EGGER worktops are edged and ready for installation with 13 stunning décors including stone, concrete, granite, marble and wood reproductions.

Form meets function

EGGER worktops ensure an enduring and appealing look, thanks to their durability and easy installation.

- Cost-effective and fast-installation time for worktop applications
- Tight 3mm radius edge for 9 décors (similar to square-edged but with softer corners)
- Square-edged with matching ABS long-grain edge (Feelwood range)
- Décors match perfectly to selected EGGER product range
- Food Safe Certified
- Anti-bacterial certified (ISO 22196)
- Chemical Resistance tested

Sustainable choice

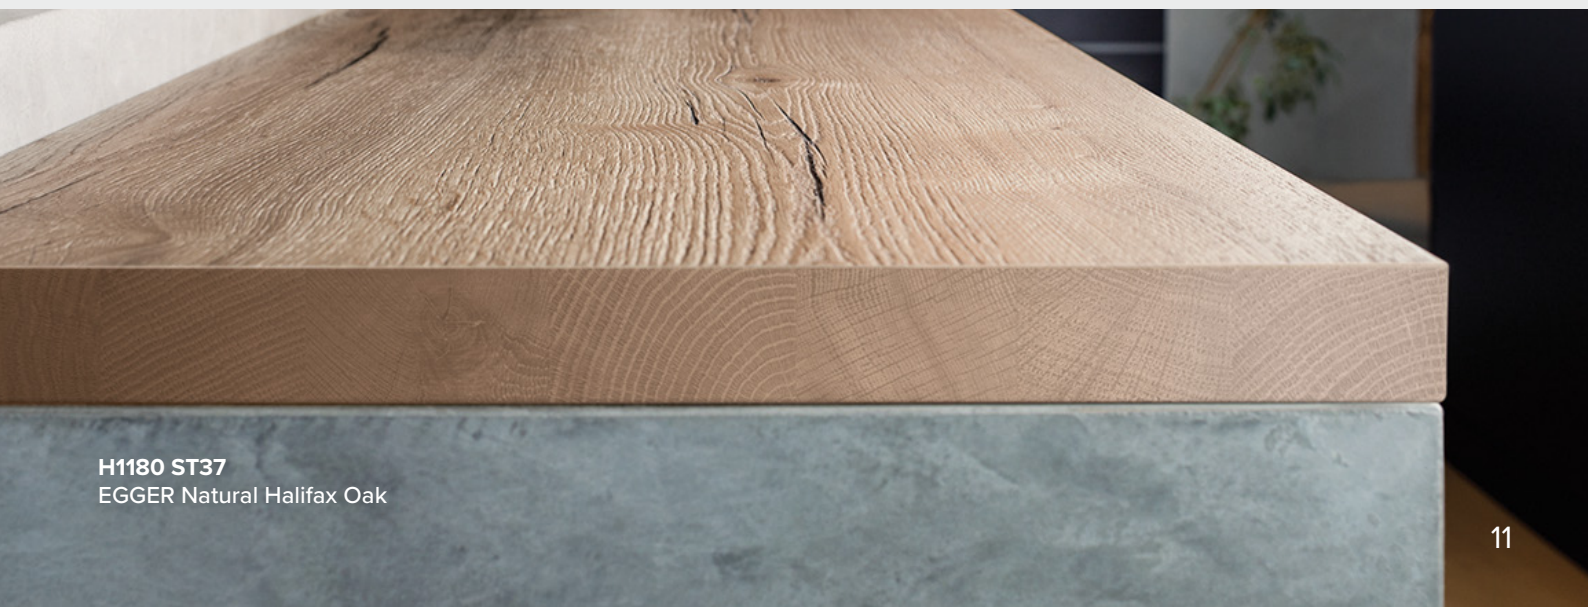

EGGER follows a net-zero philosophy, minimising their carbon footprint, and adhering to a circular economy model.

- 100% silica free
- 88% material from renewable resources
- 76% recycled content (24% post-consumer and 52% post-industrial)

Applications

Durable and long-lasting, the range can be used across a wide variety of settings.

- ✓ Benchtops
- ✓ Kitchens
- ✓ Tables / desktops
- ✓ Shelving
- ✓ Furniture
- ✓ Shopfitting
- ✓ Schools
- ✓ Bathrooms
- ✓ Laundries

H1180 ST37
EGGER Natural Halifax Oak

Laminate —

EGGER

INVENTIVE. STYLISH. LIMITLESS.

Representing the balance of form and function, EGGER laminates are among the world's best, used widely across horizontal, vertical and curved applications.

Form meets function

Perfect for medium to high usage areas, we stock over 80 décors across materials, solids and woodgrains.

- A wide range of the latest European design trends
- Designed for horizontal, vertical and curved applications (selected décors)
- Most décors available in matching panels and edging
- Available in XL sheet size, enabling more efficient design and fabrication (selected décors)
- Anti-bacterial properties as standard
- Chemical Resistance tested
- Food Safe and Marine Certified

Sustainable choice

EGGER follows a net-zero philosophy, minimising their carbon footprint, and adhering to a circular economy model.

- 100% silica free
- Highly sustainable laminate with an impressively low carbon footprint of just 2.03kg CO₂/m²
- 60% of materials made from renewable resources
- Low VOC emissions

Applications

A robust take on classic materials, our diverse range compliments commercial, residential and hospitality environments.

- ✓ Benchtops
- ✓ Heavy-duty doors
- ✓ Office worktops and desks
- ✓ Wall panels and interior cladding
- ✓ Curved surfaces
- ✓ Furniture
