EGGER Laminate

SAVE TIME WITH AN INTEGRATED SUITE OF DECORATIVE FINISHES

Product structure

Range and supply options

LOOKING FOR MORE?

Choose amongst 280+ colours and textures in the extended international range

High speed delivery options available!

Commercial benefits

- ✓ Perfect colour and surface texture match to other EGGER decorative ranges for a professional and cohesive finish
- ✓ Cost-effective alternative to other decorative surface materials — no coating needed to replicate timber / veneer texture
- ✓ Anti-bacterial properties (ISO 22196) as standard

Fabrication advantages

Saves time and money — 13 décors also available as pre-finished worktops to match laminates perfectly

Solid colours, materials and standard woodgrains all post-formable* down to a 6mm radius for a clean and crisp appearance

*excludes PerfectSense and Feelwood ranges

Sheet size advantages

3650 x 1310 x 0.8mm — standard sheet size

- Consistent sheet sizes
- Easy to process and work with

2790 x 2060 x 0.8mm — XL sheet size Feelwood décors

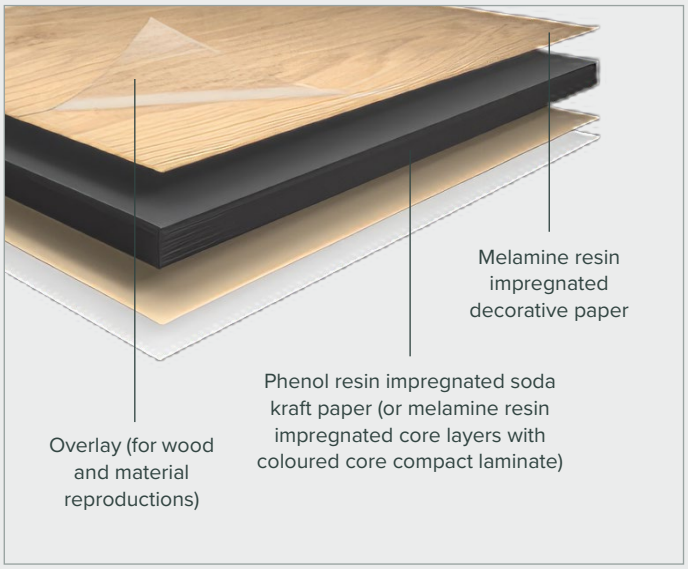

- For larger applications
- Optimisation purposes to reduce the number of joins

EGGER Compact Laminate

DURABLE AND MOISTURE RESISTANT PANELS THAT ARE PERFECT FOR HIGH-STRESS INTERIORS THAT PRIORITISE CLEANLINESS AND HYGIENE

Product structure

W1000 ST9
Premium White

Commercial benefits

- ✓ Identical finishes across selected EGGER products for consistent aesthetics
- ✓ Indestructible due to multi-layered composition perfect for heavy-duty and wet areas
- ✓ Tested to chemical resistance (SEFA 3) as a standard and Food Safe Certified
- ✓ Anti-bacterial properties (ISO 22196) as standard on all surface textures

Fabrication advantages

- Saves time and money — large sheets enable greater optimisation and less wastage
- No need to apply edging and no other preparation required — just cut, polish edges (if required) and install

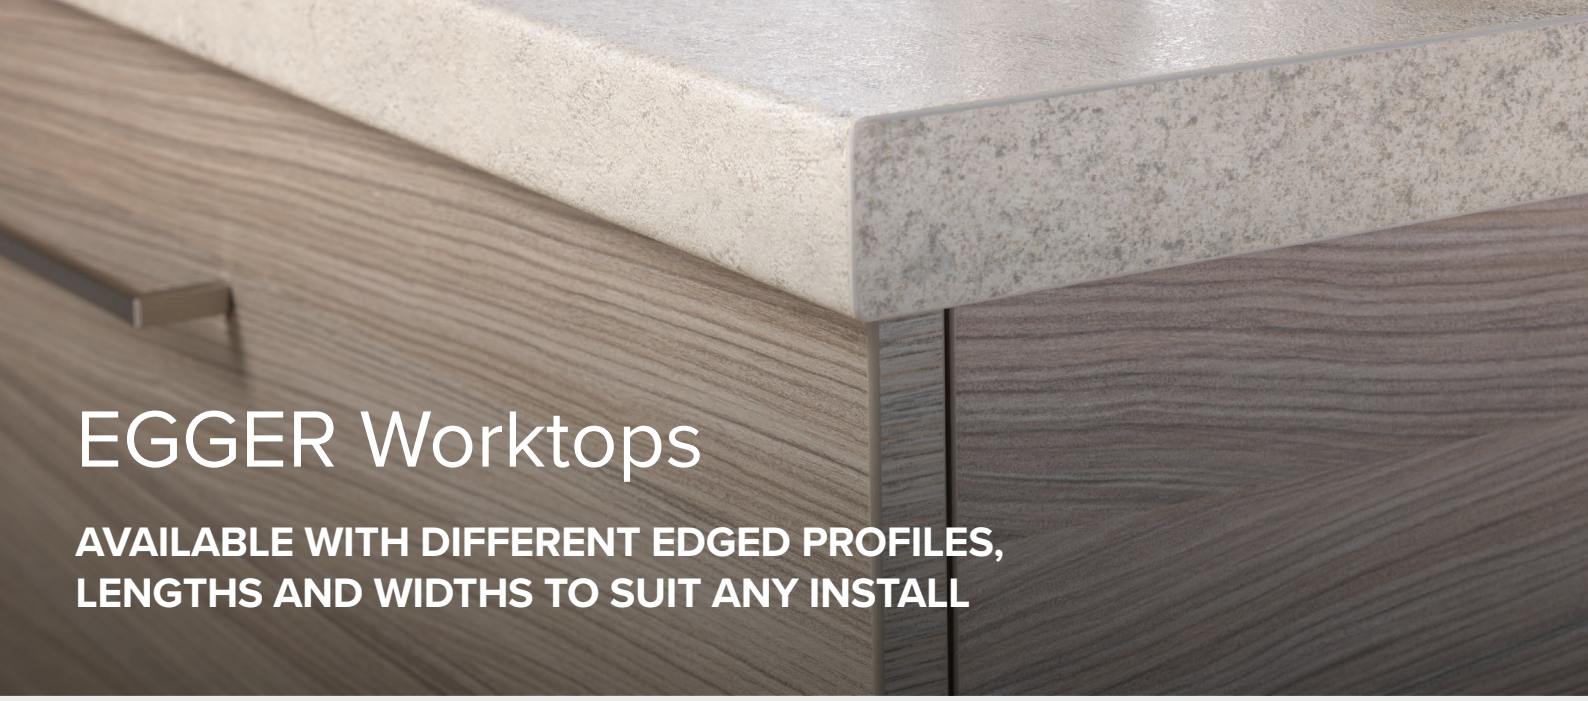

Sheet size advantages

2790 x 2060 x 13mm
The standard unisex toilet requires a 2700mm ceiling height

- The 2790mm sheet height enables floor to ceiling coverage with no joins
- The 2060mm sheet width enables full depth up to 2000mm

Available in

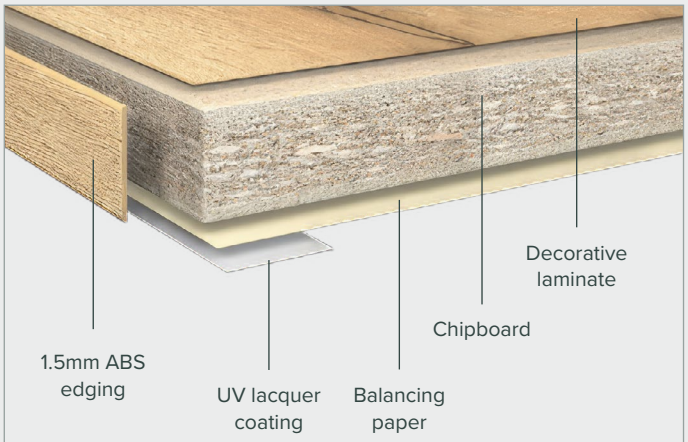

- 15 black core / 1 white core décors
- Other décors available (lead times and MOQ's apply)

EGGER Worktops

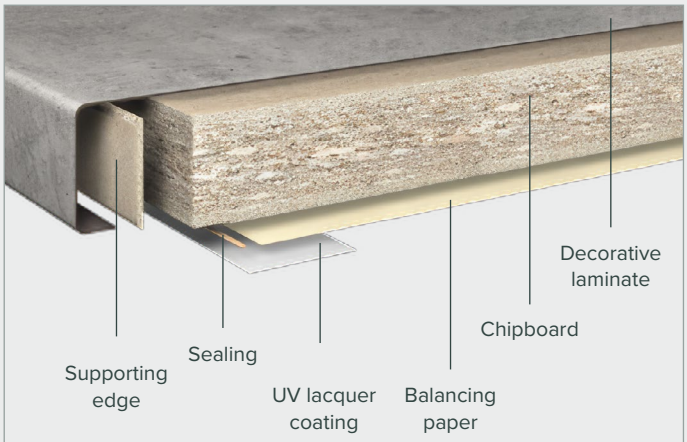

AVAILABLE WITH DIFFERENT EDGED PROFILES, LENGTHS AND WIDTHS TO SUIT ANY INSTALL

Product structure (square-edged)

H1180 ST37
Natural Halifax Oak

Product structure (post-formed)

F186 ST9

- 2.4m length of laminate edging included in packaging / ABS available for purchase

EGGER Eurolight® Panels

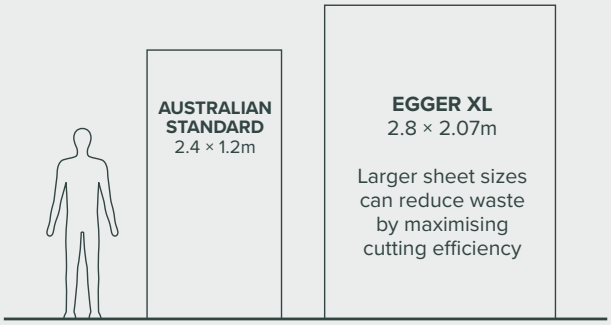

ROBUST CONSTRUCTION WITH LIGHTWEIGHT HEXAGONAL HONEYCOMB CORE

Product structure

Sheet size benefits

EGGER panels are available in larger than standard sizes:

Commercial benefits

- ✓ Reduced installation costs and much easier to install than heavier panels
- ✓ Brilliant alternative to timber beams that are expensive, heavy and difficult to acquire
- ✓ Light-weight panels where thicker sheets are required — 38mm (330kg/m^3) and 50mm (265kg/m^3)
- ✓ Anti-bacterial (ISO 22196) and anti-microbial (HA 890247-Z) as standard on all pre-decorated panels

Fabrication advantages

- Saves time and money — large sheets enable greater optimisation and less wastage
- For any application where weight may be problematic and thicker panels are required
- Easy installation of electronic components
- No manufacturing required to build thickness

Sheet size advantages

2800 x 2070 x 38mm / 50mm

- Eurolight raw

2800 x 2070 x 50mm with matching 54mm ABS
