EGGER Decorative Collection

FOR DESIGNERS

EGGER Laminate

DESIGN INTERIOR SURFACES WITH MAXIMUM LOOKS AND MINIMUM CARBON

Select from a laminate range of 82 sustainable décors and design with the aesthetics of natural timber, concrete, stone or striking solid colours!

Design advantages

- ✓ A wide range of the latest European design trends
- ✓ Design for horizontal, vertical, curved applications and post-formed (selected décors)
- ✓ Most décors available in matching panels and edging (for more cohesive design)
- ✓ Laminate available in an XL sheet size, which enables more efficient design and fabrication (Feelwood décors only)
- ✓ 82 décors available nationally with a further 200 special items from Europe (conditions apply)

Product applications

- ✓ Worktops / benchtops / desk-tops
- ✓ Heavy-duty doors
- ✓ Panels
- ✓ Walls / interior cladding
- ✓ Curved surfaces
- ✓ Furniture / interior design

EGGER vs. Leading Australian Brands (A1-A3)

	kg CO_2-e/m²	
Manufacturer	GWP total	Fossil total
EGGER	+2.03	+2.69
Brand #1	+8.20	+9.60
Brand #2	+1.91	+2.69
Brand #3	+1.27	+2.72

*Competitors CO_2-e/m² information sourced from publicly available EPDs

Sustainability and lifestyle benefits

- Australia's most sustainable laminate with an impressively low carbon footprint of just 2.03kg CO_2-e/m² (GWP total)
- 44% of material made from renewable resources
- Anti-bacterial properties (ISO 22196) as standard
- Available with high level scratch resistance and chemical resistance
  - Marine Certified — Interiors
  - Food Safe Certified
- Low VOC Blue Angel Certified

EGGER Compact Laminate

COMPACT LAMINATE WITH OUTSTANDING DESIGN AND DURABILITY CHARACTERISTICS

Select from a range of 16 sustainable décors and design with the aesthetics of natural timber, concrete, stone or striking solid colours!

Design advantages

- ✓ Suitable for horizontal and vertical applications
- ✓ Large EGGER sheet size (2790 x 2060 x 13mm) for better optimisation — less joins for partitions especially for disabled and unisex toilets
- ✓ Available in 16 décors that perfectly match EGGER panels and edging for a consistent look
- ✓ Perfect for interior design applications with high-stress exposure and high demands for hygiene / cleanliness
- ✓ White core available for clean and dynamic appearance (Alpine White only)

Product applications

- ✓ Toilet partitioning
- ✓ Wall claddings
- ✓ Cabin / wall partition construction
- ✓ Tabletops / worktops
- ✓ Heavy-duty interior design (commercial projects)
- ✓ Furniture
- ✓ Lockers

EGGER vs. Leading Australian Brands (A1-A3)

		kg CO_2-e/m^2
Manufacturer	GWP total	Fossil total
EGGER	+5.44	+17.10
Brand #1	+7.90	+9.20
Brand #2	+4.50	+28.50
Brand #3	+7.92	+17.16

*Competitors CO_2-e/m^2 information sourced from publicly available EPDs

Sustainability and lifestyle benefits

- 60% of material made from renewable resources
- Low VOC emissions
- Tested to chemical resistance (SEFA 3) as a standard and Food Safe Certified
- Highly durable finish and moisture-resistant
- Hygienic and easy to maintain
- Anti-bacterial properties (ISO 22196) as standard on all surface textures

EGGER Worktops

ELEGANT AND SUSTAINABLE WORKTOP SOLUTIONS WITH 76% RECYCLED CONTENT

Select from 13 décors ranging from stone, concrete, marble and wood reproductions.

Design advantages

- ✓ Cost effective and fast-installation time for worktop applications in your projects
- ✓ Tight 3mm radius edge for 11 décors (similar to square-edged but with softer corners)
- ✓ Square-edged for 2 décors with matching ABS long-grain edge (Feelwood range)
- ✓ Décors match perfectly to selected EGGER product range for a cohesive finish
- ✓ Choose from 600mm single or 920mm double-sided edge Worktop for ease of design

Product applications

- ✓ Tables / desktops
- ✓ Shelving
- ✓ Benchtops
- ✓ Furniture
- ✓ Shopfitting
- ✓ Laboratories
- ✓ Schools
- ✓ Bathrooms
- ✓ Laundries
- ✓ Kitchens

Sustainability and lifestyle benefits

- 88% of material made from renewable resources
- 74% recycled content
  - 31% post-consumer
  - 43% post-industrial
- Scratch, heat and chemical resistance
- Resistant to stains, extremely durable and easy to clean
- Anti-bacterial properties (ISO 22196) as standard
- Hygienic and Food Safe Certified for a peace of mind
- Super E0 MR Particleboard (0.3mg/l) substrate
- Compliance to REACH for SVHC substances

EGGER Eurolight® Panels

AMAZING LIGHTWEIGHT PANELS, WHICH ARE ONLY HEAVY ON RECYCLED CONTENT

Select from 6 pre-finished (front and back) Melamine Faced décors with matching ABS edging!

Design advantages

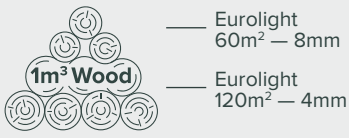

- ✓ Suitable for vertical and most horizontal applications
- ✓ Larger EGGER sheet sizes for better design options including full height panels at 2800mm
- ✓ Identical finishes across selected EGGER products for consistent aesthetics
- ✓ Wide ABS edging available to suit — 2mm thick for added durability
- ✓ Also available in 38mm and 50mm raw to enable other laminate décors to be used

Product applications

- ✓ Furniture
- ✓ Sliding doors
- ✓ Operable walls
- ✓ Table / worktops
- ✓ Wardrobes
- ✓ Shelving
- ✓ Partitioning panels
- ✓ Decorative beams
- ✓ Doors
- ✓ Caravan interior fittings
- ✓ Any application where thicker panels are required

Sustainability and lifestyle benefits

- 84% of material made from renewable resources
- 60% recycled content
  - 38% post-consumer
  - 22% post-industrial
- Super E0 Particleboard used (0.3mg/l) substrate
- Anti-bacterial (ISO 22196) and anti-microbial (HA 890247-Z) as standard
- Pre-finished decorative panels are Food Safe Certified
- Compliance to REACH for SVHC substances
- Lower wood content for resource efficiency

EGGER Decorated Particleboard Panels

SUSTAINABLE DECORATIVE PANELS AVAILABLE IN A WIDE RANGE OF EUROPEAN DÉCORS

Reliable and versatile decorative panel range of 73 décors including solids, materials and woodgrains which match perfectly with EGGER laminates and ABS edging for consistent design aesthetics.

Design advantages

- ✓ Authentic décor and texture similar to real material at a fraction of the price
- ✓ Suitable for horizontal and vertical applications
- ✓ Perfectly matching ABS for all décors. End-grain also available for Feelwood range
- ✓ Large EGGER sheet sizes for better design options including full height panels at 2800mm
- ✓ Sheet size options of 18mm and 25mm enhance design innovation, with the ability to mix board sizes (select décors only)
- ✓ Identical finishes across selected EGGER products for consistent aesthetics
- ✓ Durable finish, easy to clean and no maintenance required

Product applications

- ✓ Furniture / interior design
- ✓ Doors and panels
- ✓ Shelves
- ✓ Wardrobes
- ✓ Wall claddings
- ✓ Ceiling linings
- ✓ Work stations

EGGER vs. Leading Australian Brands (A1-A3)

	kg CO_2-e/m²	
Manufacturer	GWP total	Fossil total
EGGER	-13.80	+3.93
Brand #1	-9.39	+7.52
Brand #2	-11.10	+7.26

*Competitors CO_2-e/m² information sourced from publicly available EPDs

Sustainability and lifestyle benefits

- Australia's most sustainable panels with a negative carbon footprint of -13.8kg CO_2-e/m²
- 88% of material made from renewable resources
- 80% recycled content
  - 32% post-consumer
  - 48% post-industrial
- High level of scratch resistance and resistance to disinfectants
- Panels — HMR Particleboard Super E0 (0.3mg/l) substrate
- Compliance to REACH for SVHC substances
- Anti-bacterial (ISO 22196) and anti-microbial (HA 890247-Z) as standard
- Product is recyclable at the end of its life cycle

3D textured woodgrain

EGGER Feelwood

HYPER-REALISTIC WOOD REPRODUCTION THAT FEELS TRUE TO THE TOUCH

Renowned for its hyper-realistic wood reproduction that replicates the look and feel of natural veneer or solid wood.

Design advantages

- ✓ 11 décors replicating the look and feel of veneer / solid wood
- ✓ Available in selected EGGER product range that matches perfectly
- ✓ Large sheet size alleviates unnecessary joins
- ✓ Matching Long-grain and End-grain edging available to replicate a real piece of timber
- ✓ Sheet size options of 18mm and 25mm enhance design innovation, as there is the ability to mix board sizes (2 décors only)

Product applications

- ✓ Furniture / interior design
- ✓ Worktops / benchtops
- ✓ Doors / walls
- ✓ Kitchens / bathrooms
- ✓ Desks
- ✓ Curved applications (laminate)

EGGER vs. Leading Australian Brands (A1-A3)

	kg CO_2-e/m²	
Manufacturer	GWP total	Fossil total
EGGER	-13.80	+3.93
Brand #1	-9.39	+7.52
Brand #2	-11.10	+7.26

*Competitors CO_2-e/m² information sourced from publicly available EPDs

Sustainability and lifestyle benefits

- Negative carbon footprint for all Feelwood panels -13.8kg CO_2-e/m²
- 80% recycled content
  - 32% post-consumer
  - 48% post-industrial
- Materials from renewable resources — 88% for panels; 60% for laminates (including compact)
- No finishing required
- Super E0 MR Particleboard and no VOCs
- Anti-bacterial (ISO 22196) and anti-microbial (HA 890247-Z) as standard
- Product is recyclable at the end of its life cycle

EGGER PerfectSense® Feelwood

INNOVATIVE COMBINATION OF ANTI-FINGERPRINT MATT FINISH AND WOODGRAIN TEXTURE

Seamless combination of PerfectSense's innovative anti-fingerprint technology and Feelwood's hyper-realistic wood reproduction all in one panel.

Design advantages

- ✓ Authentic look and feel of a black woodgrain
- ✓ Low gloss level to reflect natural yet hyper-realistic play of colours and tones
- ✓ Extra-large sheet for greater design flexibility and freedom

Product applications

- ✓ Shelves
- ✓ Doors / wall linings
- ✓ Panels

EGGER vs. Leading Australian Brands (A1-A3)

		kg CO_2-e/m²
Manufacturer	GWP total	Fossil total
EGGER	-13.50	+4.77
No equivalent data found for other brands		

*Competitors CO_2-e/m² information sourced from publicly available EPDs

Sustainability and lifestyle benefits

- Negative carbon footprint of -13.5kg CO_2-e/m²
- 88% of material made from renewable resources
- 80% recycled content
  - 32% post-consumer
  - 48% post-industrial
- Easy to clean — suitable for vertical and low-use horizontal applications
- ✓ Super E0 MR Particleboard
- Anti-bacterial (ISO 22196) as standard
- Product is recyclable at the end of its life cycle

Anti-fingerprint technology

EGGER PerfectSense®

IMPRESSIVE MATT SURFACES THAT ARE EASY TO CLEAN AND LEAVE NO TRACE

PerfectSense laminates and panels stand out with their super-matt, velvety-warm lacquer surface with anti-fingerprint properties.

Design advantages

- ✓ Beautiful velvety feel with anti-fingerprint matt finish technology (applies to front face only)
- ✓ Available in laminate and panels with matching 1mm ABS edging for a harmonious finish
- ✓ **PerfectSense Matt — 8 décors** (horizontal and vertical applications)
  - < 3 Gloss Point
- ✓ Laminate for heavy-duty horizontal application
- ✓ MR MDF panels for light to medium-duty horizontal application

Product applications

- ✓ Worktop counters (laminate recommended)
- ✓ Shelves
- ✓ Doors / wall linings
- ✓ Panels
- ✓ Desks (low to medium usage)

The leader in negative carbon footprint (A1-A3)

		kg CO_2-e/m²
Manufacturer	GWP total	Fossil total
EGGER PerfectSense MR MDF Panels	-10.20	+8.87
Brand #1	-8.98	+12.80

*based on industry EPD averages from Wood Solutions website

Sustainability and lifestyle benefits

- Leading negative carbon footprint for all PerfectSense panels of -10.2kg CO_2-e/m²
- 64% post-industrial recycled content
- Materials from renewable resources — 86% for panels; 44% for laminates
- Easy to clean
- No coating or finishing required
- E0 and low VOCs
- Anti-bacterial (ISO 22196) as standard
- Compliance to REACH for SVHC substances
